

APPENDIX 6 (Informative)

Introduction

- (i) The Electrical Installation Certificate required by Part 6 should be made out and signed or otherwise authenticated by a skilled person or persons in respect of the design, construction, inspection and testing of the work.
- (ii) The Minor Electrical Installation Works Certificate required by Part 6 should be made out and signed or otherwise authenticated by a skilled person in respect of the design, construction, inspection and testing of the work.
- (iii) The Electrical Installation Condition Report required by Part 6 should be made out and signed or otherwise authenticated by a skilled person or persons in respect of the inspection and testing of an existing installation.
- (iv) Skilled persons will, as appropriate to their function under (i) (ii) and (iii) above, have a sound knowledge and experience relevant to the nature of the work undertaken and to the technical standards set down in the Regulations. They will be fully versed in the inspection and testing procedures contained in these Regulations and employ suitable test equipment.
- (v) Electrical Installation Certificates will indicate the responsibility for design, construction, inspection and testing in relation to new work or further work on an existing installation. Where the design, construction, inspection and testing are the responsibility of one person a Certificate of Compliance with a single signature declaration in the form shown below may replace the multiple signatures section of the form.

FOR DESIGN, CONSTRUCTION, INSPECTION & TESTING

I being the person responsible for the Design, Construction, Inspection & Testing of the
installation (as indicated by my signature below), particulars of which are described above,
do hereby declare that I have exercised reasonable skill and care when carrying out the Design, Construction, Inspection
